TOGETHER
INFORMATION

CONNECT. INTEGRATE. SIMPLIFY. AND MORE.

Technology for every office, delivering advanced functionality, ease of use and peace of mind.

Every business is unique. That's why Toshiba offers the latest customisable solutions that can be tailored to meet your needs. Toshiba solutions help you simplify complex tasks while managing diverse information — efficiently and safely to maximise your productivity.

Toshiba's latest series delivers on our promise of Together Information - our commitment to collaborate with clients to provide tailored, cost-effective solutions that meet your print, document management and content needs while helping you to meet your green objectives.

High-end technology in an entry-level system

Toshiba's advanced e-BRIDGE technology ensures that our e-STUDIO2010Ac delivers excellent value for money. Ideal for small and medium-sized businesses this entry-level colour model is a true all-rounder which creates impeccable documents.

- > Reliable, high-quality document output thanks to a print resolution of up to 600 x 1,200 dpi and a print speed of up to 20 pages per minute respectively.
- > The large and fully customisable user interface gives you direct access to the features you need most.
- > State-of-the-art security features ensure your data is protected and does not fall into the wrong hands.

Simple, smart and stylish.

A large 26 cm (10.1") tablet-style touch screen gives easy access to functions, apps and workflows. It is intuitive to use and customisable to match your needs and preferences.

A fully customisable user interface enables departments to tailor settings and pre-define workflows; resulting in simple operation and improved efficiency.

Let Toshiba place productivity and performance at your fingertips by streamlining complicated multi-step processes into automated one-touch functions.

- > Customise and automate workflows according to your business processes.
- > Boost productivity by reducing manual and paper intensive processes in the office.
- > Personalise the user interface by department or individually to deliver the utmost efficiency.

CONVENIENCE AND SECURITY.

Small and medium workgroups looking for quality colour will appreciate the fact that the e-STUDIO2010AC easily integrates into existing IT infrastructures, is fully customisable and solutions ready, thanks to its open platform architecture.

Streamline your everyday tasks with ease through Toshiba's innovations in embedded app technologies and connect directly with popular cloud and on-premise platforms right at the panel.

Seamlessly connect with your business platforms

- > Find better ways of managing your compliance obligations
- > Introduce business efficiencies through simple workflows and automation
- > Handle hard copy documents with ease
- > Eliminate information security concerns with on-board direct-to-platform processing (no intermediate software or cloud services)

COMPACT SIZE WITH EVERYTHING YOU NEED.

For small and medium businesses and workgroups that demand colour along with a small footprint, Toshiba has fulfilled and surpassed their criteria.

The e-STUDIO2010Ac is packed with industry-leading technology and innovations designed to help workgroups connect, integrate, simplify and do even more.

Mobile Printing to meet the needs of today's fast-paced business world.

Embedded Apps to customise the system according to the user's preferences.

Large user interface for easy access to all features and functions of the device

Saddle-stitch/Fold Capabilities offer optional saddle-stitch finishing and the possibility to fold without stapling.

Scan to USB is great for working with your documents when on the go. And with possibility to create PDF/A-2 files your documents are ready for long-term archiving.

Print from USB for quick and easy printouts. If necessary, the MFP will automatically scale your documents to fit the available paper size.

Notifications Feature takes the hassle out of checking for depleted supplies or maintenance needs.

Paper Volume Indicators on the control panel make it easy to see the paper sizes, types and levels in each cassette.

Print Around eliminates bottlenecks by allowing other print jobs to go around a job which is held up due to requiring a specific paper size or type.

Scan and Fax preview allows to review, rotate and modify your scanned documents or incoming faxes before saving or printing them.

CONFIGURATION

HIGHLIGHTS

Utmost security

Optional card readers add an extra layer of security to the systems and allow you to restrict access to the devices. But they also make life easier as users can get direct access to their print jobs.

Multi Station Print Solution

Toshiba's server-less Multi Station Print Solution allows users to send print jobs from their desktop and retrieve them at up to 50 different MFPs within the network by authenticating at that device, e.g. by simply swiping their badge.

Advanced e-BRIDGE Technology

The e-BRIDGE Next architecture features an embedded web browser, enabling the MFP to easily connect to third-party systems.
