Embedded Applications Supported

e-BRIDGE Plus for Box

e-BRIDGE Plus for OneDrive

e-BRIDGE Plus for Dropbox

e-BRIDGE Plus for USB Storage

e-BRIDGE Plus for Google Drive

Single Sign On Setup

Single Sign On (SSO) allows Users to login to multiple applications using a one-time User authentication. For our Toshiba MFD's this means a User will only need to login once on the Control Panel and use SSO to gain access to other embedded apps (for list of supported apps, refer to list below).

Embedded Applications Supported

SSO is supported on the following Apps:

e-BRIDGE Plus for Box

e-BRIDGE Plus for Dropbox

e-BRIDGE Plus for Google Drive

Setup for Single Sign On

- 1. On a browser, input the printer's IP address and press the "enter" key
- 2. Click the "Login" button and enter an Administrator User Name and Password when prompted

3. Browse to "User Management" \rightarrow "User Accounts", and click the "New" button

Device		User Ad	counts						
i. Job Status	~	Search

Logging into the App with Single Sign On

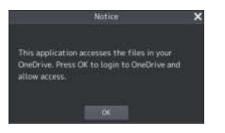

1. Press on the App icon for "OneDrive"

2. Input the PIN code created in step 4 of "Setup for Single Sign On"

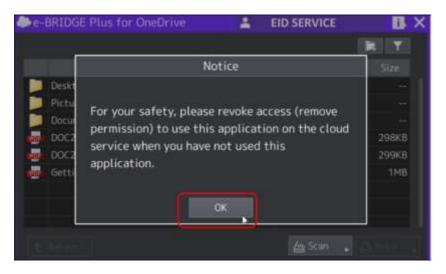

3. Click "OK"

4. Use the mobile phone camera to scan the QR code and follow the prompts to login

5. On the first login a "Notice" will be displayed, click "OK" to continue

6. Once finished using Scan or Print functions, click on the User Name at the top of the screen and log out

Configuration

Adding shortcut to App on Control Panel

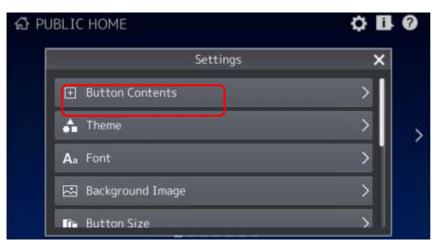

1. Add the button to the Home screen, by clicking the "Cog" icon on the top right

ත් PUBLIC HO	ME			0	?
	Mar.			Ø	
Simple Copy	Simple Scan	Simple Fax	Print	e-Filing	>
4	<u> </u>		© ₀	1234	
Сору	Scan	Fax	User Functions -User-	Counter	

2. Enter the Administrator Password and click "OK"

₼ PUBLIC HOME	0 11 0
Administrator Password	
Small	
Password	>
	EI2 rter
Cancel OK	

3. Click on "Button Contents"

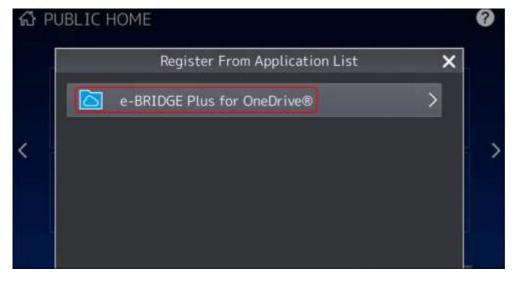

4. Click on "+" button to add the button to the Home Screen

5. Scroll to the bottom of the list and choose "Register From Application List"

	Add Button	×
	Register From URL List	>
	Register From Recommendation	>
R	Register From Function List	>
	Register From Home Screen	>
Ч	Register From Application List	>

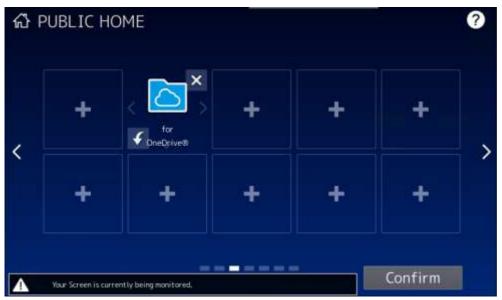

6. Select the App to add (for example "e-BRIDGE Plus for OneDrive")

7. Set the naming details if required and press "OK"

APPLE I	
Constant of Consta	Edit
<	Icon Name1 for OneDrive®
	Details Cancel OK

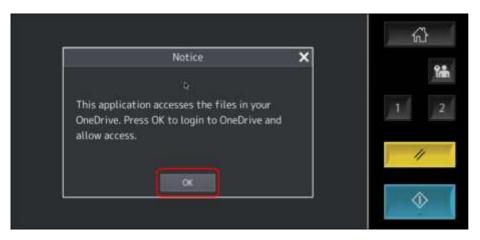

8. Click "Confirm" on the bottom right of the screen

Logging into the App

1. On the Control Panel, click the e-BRIDGE Plus for OneDrive button and click "OK"

2. Mulitple options are given to login; scan the "QR code", e-Mail or use a PIN (this is available after first login)

Login	1 1 1	
Scan the 2D code and login within 5 minutes. This screen automatically switches to the operation screen.	Please input your mail address, if you cannot scan 2D code.	1 2
If you don't login within the time, the operation will be cancelled.	Or if you have PIN, please enter the PIN, (PIN available time is one hour)	- 11
	Cancel	\Diamond

3. This will now log into the OneDrive Account

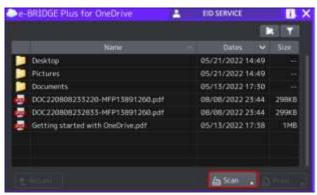

e-BRIDGE Plus for OneDrive	8	EID SERVICE		ll ×	<
			II.		
Name		Dates	×

4. When finished click on the account at the top of the screen and log out

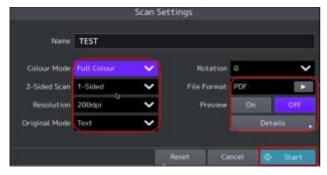

Scanning

- 1. Launch the App and login by following the section "Logging into the App"
- 2. Click the "Scan" button

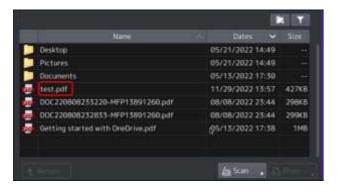

3. In the "Scan Settings" window, apply the settings required and then select "Start"

4. The Scanning dialogue box will appear

5. The resulting "test.pdf" will be saved in the OneDrive account

Printing

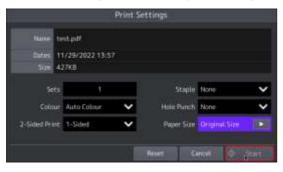

To print from the App, follow the steps below:

1. Select the file required and click "Print"

2. In the Print Settings window, apply the settings to suit and **click on "Start"**

3. It will then show downloading as it prints the file

4. When completed log out of the account
