

Supporting Catholic Education with Smarter Technology

Smart Devices. Connected Workflows. Better Outcomes.

Schools need technology that helps staff work smarter, not harder.

Toshiba supports Catholic schools across NSW with modern multifunction devices, secure print solutions and intelligent document workflows that simplify everyday tasks.

From printing and scanning through to document automation and information management, our solutions help reduce administration, improve efficiency and free up more time to focus on students and educational outcomes.

Whether you're refreshing your print fleet, improving document processes or planning for the future, Toshiba can help you make the right technology decisions with confidence.

Connected workflows for Catholic schools.

Built into Toshiba multifunction devices, our apps connect your school's trusted platforms.

- Google Classroom
- Google Drive
- OneDrive & SharePoint
- Microsoft Teams
- TechnologyOne ECM

Native integrations. No middleware. No proprietary data repositories. Maintaining ownership, control and security of your school's information.

Transform School Records from Archive to Asset

Take control of your school's records. Digitise historical files, automate document capture and give authorised staff secure access to information across Microsoft 365 or Google Workspace platforms.

Document Scanning and Digitisation

- Transform archived records into secure, searchable digital information
- Digitise student, enrolment, HR and finance files with full chain-of-custody handling
- Improve information retrieval with OCR and intelligent indexing
- Support compliance, privacy and records management requirements
- Reduce storage costs and reclaim valuable on-site space

e-BRIDGE Cloud Workflow

- Leverage your existing Microsoft 365 or Google Workspace investment
- Automatically store information in SharePoint or Google Drive
- Reduce manual handling and improve process efficiency
- Support governance and retention through Microsoft Purview
- Works with your existing technology environment, no Toshiba hardware required

Less storage. Better compliance. Smarter records management.

Exclusive Toshiba offers for Catholic Education

Find out how you can get the best
deals in the market!

Hurry, offers close 11th December.

Make the next decision your best one.

Set your school up for success with intelligent multifunction devices, secure print and connected solutions that help staff focus on what matters most.
