

PlaaS Buyers Guide

Our devices are now available to purchase via PlaaS

Print and Imaging as a Service (PlaaS)

When schools in Queensland want to purchase print and imaging technology, they turn to the PlaaS Standing Offer Arrangement (often called a 'panel') – a group of vendors preselected by the State Government because they meet stringent price, quality and environmental compliance standards.

Buying through the panel gives schools access to the most competitive pricing, and the knowledge that they're buying from vendors who have already been vetted and approved by the Government's own procurement team.

In February 2024, Toshiba became one of the four selected vendors on the panel. That's great news for the hundreds of schools who love and rely on Toshiba devices, but previously had to purchase outside of the panel arrangement. You can now purchase your preferred MFDs with all the protection and advantages of the PlaaS contract.

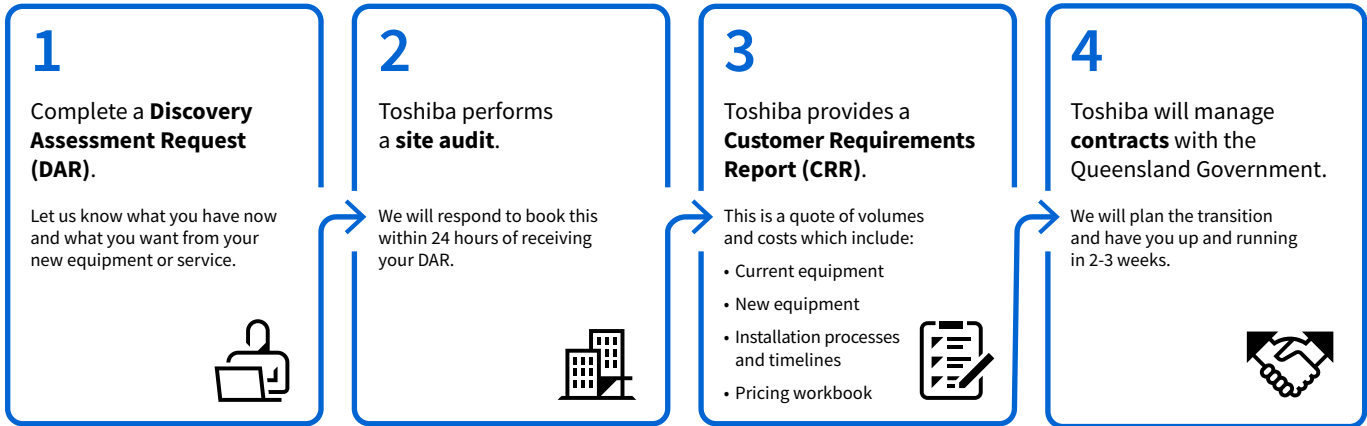

What does PlaaS offer Queensland schools?

- An all-inclusive cost per copy, with no minimum monthly volume commitments
- Scaling from one device to a large scale whole-of-organisation managed service
- Printing to A4 / A3 treated as a single copy
- Detailed account usage and simplified consolidated billing
- Flexibility for equipment changes – up-scaling or down-scaling
- Single contract for increased efficiency
- Buy-back of existing print devices
- No need to insure devices or maintain asset registers

How do I purchase from Toshiba under PlaaS?

Every vendor under PlaaS uses the same format, to make it easy for you to compare.

No longer just ‘as-a-Service’

We manage contracts with the Queensland Government. Despite its name, the PlaaS panel has also been expanded, so that it now includes outright purchase of MFDs. Again, great news for schools who have available capital expenditure and want to purchase, rather than lease their devices, but still have the benefits of buying under PlaaS.

Toshiba MyFleet web portal

Gain real-time view of your printer fleet.
Gain insights, use reporting tools and
control your business.

Say Hello to MyFleet! Toshiba's very own web portal for Enterprise customers that enables you to view, review and plan your print usage. Toshiba MyFleet enables you to interact with our management systems without needing to connect, accessing valuable information to manage your print fleet.

View real-time data insights, predictive analytics, and have the ability to be more strategic in your procurement decisions. All of this, in real-time and at your fingertips.

Better procurement decisions
through real-time data

Make payments and report
on finance

Understand where print
is being used and how

Order consumables

Analyse print problems
and respond to user issues

Access WHS and
Insurance Documents

Kōdo App for Classroom

Toshiba has the answer to managing paper-based student work – Kōdo App for Classroom. Kōdo Classroom uses advanced document management, printing and scanning technology to save teacher time and ensure the integrity of each exam paper is preserved. It integrates with other systems already used in the school for managing student data such as Google Classroom or Microsoft Teams.

Kōdo App for Microsoft 365

A safe and convenient embedded application that connects users to their SharePoint site or OneDrive cloud storage service in Microsoft 365, directly from the Toshiba MFP touch panel. Offers a central information repository for users to directly view and print documents stored, and scan directly to Microsoft 365 via Toshiba's e-STUDIO MFPs.

- Store and print documents in folders
- Auto create folders for easy identification by user
- Browse or directly link to SharePoint subsites at the MFP panel
- Supports mandatory entry of SharePoint document library metadata right at the MFP panel

Kōdo App for Microsoft Teams

Kōdo applications are designed to make your working life easier and more productive. Now you can connect your hard copy requirements directly with Microsoft Teams and reduce the multiple steps you have currently. Toshiba's integration with Microsoft Teams means you can access your Teams channels and chat right at the panel.

Customer owned and supplier owned

Customer Owned: In a customer-owned model, the customer owns the product, asset, or service from the point of purchase or delivery. The customer typically has full control over the usage, maintenance, and modification of the product

Supplier Owned: In a supplier-owned model, the supplier maintains ownership of the product, asset, or service, often leasing or renting it to customers. The supplier is typically responsible for maintenance and upgrades, while the customer pays for usage.

Our products

Colour MFDs

e-STUDIO 330AC / 400AC

- Compact scalable and secure
- 33/40 ppm A4 full colour
- Large 10.1" tilting colour touch panel
- Dual scan document feeder
- 3200 sheet input capacity
- Print, scan, copy, fax
- Standard 4GB RAM + 320GB self encrypting HDD
- Optional wireless printing

e-STUDIO 2021AC

- 20 ppm full colour/mono
- A4/A3 MFD
- Standard embedded OCR
- 2900 sheet (max opt) paper supply
- 1200 x 1200 DPI print resolution
- Large 10.1" tilting colour touch panel
- 128GB Secure SSD with TPM2.0
- Thick paper support up to 209gsm
- Dual Network Support
- Idle Screen Messaging

e-STUDIO 2525AC / 3025AC / 3525AC / 4525AC / 5525AC / 6525AC

- 25/30/35/45/55/65 ppm full colour/mono
- A4/A3 MFD
- Dual scan document feeder with double feed detection (opt)
- 5200 sheet (max opt) paper supply
- 128GB Secure SSD with TPM 2.0
- Large 10.1" tilting colour touch panel
- Standard embedded OCR
- Colour scan up to 240 ipm @ 300DPI, File/USB/email (TIFF, PDF, PDF/A, Searchable PDF, JPEG, XPS, DOCX, XLSX, PPTX)
- Thick paper support up to 300gsm
- Dual Network Support
- Idle Screen Messaging
- High compression PDF, secure PDF
- Flexible media handling
- Optional finishing, saddle-stitch booklets, hole punching

e-STUDIO 6526AC / 6527AC / 7527AC

- 65/65/75 ppm full colour
- 65/75/85 ppm mono
- A4/A3 MFD
- True 1200x1200dpi
- 8020 sheet (max optional) paper supply
- Large 10.1" tilting colour touch panel
- Dual scan document feeder with double feed detection
- Twin IH fusing technology
- PCL6e/c, PS3, XPS plus Universal Print
- Scan to File/USB/email
- High compression PDF, secure PDF, PDF/A, Searchable PDF, Office Docs (DOCX, XLSX, PPTX)
- Stackless duplexing (60-300 gsm)
- Optional finishing, saddle-stitch booklets, hole punching
- 128GB Secure SSD with TPM 2.0
- Motion sensors
- Thick paper support 300 gsm
- Toner and paper change on the fly

Colour printers

e-STUDIO 339CS

- A4 print speed up to 33 ppm
- Up to 2001 sheet paper capacity
- 4.3" (10.9 cm) colour touch panel
- Standard 2GB, Max 2GB memory
- Solution-enabled device
- Standard WiFi
- Built-in security

e-STUDIO 409CP

- A4 print speed up to 40 ppm
- Up to 2001 sheet paper capacity
- 4.3" (10.9 cm) colour touch panel
- Standard 1GB memory
- Automatic duplex

Monochrome MFDs

e-STUDIO 7529A / 9029A

- Unleash the power of Toshiba quality
- 75/90 ppm/cpm
- A4/A3 Mono MFD
- Environmental toner recycling and IH fuser
- Dual scan document feeder with double feed detection
- High compression PDF, secure PDF, PDF/A, Searchable PDF, Office Docs (DOCX, XLSX, PPTX)
- Optional fax
- Up to 8020 paper capacity
- Versatile finishing options
- User codes with reporting
- 128GB Secure SSD with TPM 2.0
- Thick paper support up to 300 gsm
- Standard OCR
- Toner and paper change on the fly

e-STUDIO 2528A / 5528A / 6528A

- Your central information hub
- 25/55/65 ppm
- A4/A3 Mono MFD
- 5200 sheet (max opt) paper supply
- Standard Embedded OCR
- Dual scan document feeder with double feed detection (opt)
- 128GB Secure SSD with Trusted Platform Module (TPM) 2.0
- Thick paper support up to 256/300/300gsm
- Colour scan up to 240 ipm @300DPI, File/USB/email (TIFF, PDF, PDF/A, Searchable PDF, JPEG, XPS, DOCX, XLSX, PPTX)
- Large 10.1" tilting touch panel
- Dual Network Support
- Idle Screen Messaging
- All-in-one network ready
- Optional finishing

Monochrome printers

e-STUDIO 2822AF

- 28 ppm copy/print/fax/scan
- A4/A3 Mono MFP
- Colour scanning
- Environmental toner recycling

e-STUDIO 409P

- Compact A4 Mono printer
- Print speed up to 40 ppm
- Compact design for small offices
- In-built high-level security features
- 256MB memory

e-STUDIO 409AS

- A4 print speed up to 40 ppm
- Delivers first page in up to 5.9 seconds
- 1200 x 1200 DPI print resolution
- 4.3" (10.9 cm) colour touch panel
- Standard 2GB memory, Max 2GB + 128GB*
- Eco and energy saving features
- Standard WiFi
- Built-in security
- Solution-enabled
- Accessibility modes standard

e-STUDIO 479S

- 47 ppm A4 Mono
- 7" (17.8 cm) colour touch panel
- Paper capacity up to 2300 sheets
- 1200 x 1200 DPI resolution
- Eco and energy saving features
- Std 2GB memory, Opt 2GB memory + 128GB Intelligent Storage Device
- Standard WiFi
- Security built-in
- Solution enabled
- Accessibility modes standard

e-STUDIO 528P

- A4 print speed up to 52 ppm
- Flexible design, rugged construction
- Touchscreen TFT colour LCD panel
- Solution-enabled device
- Standard 1GB memory, 5GB max

About Toshiba Australia

Toshiba (Australia) Pty Limited is part of the globally operating Toshiba Tec Corporation, active in various high-tech industrial sectors.

Toshiba is a leading provider of information technology, operating across multiple industries—ranging from retail, education and business services to hospitality and manufacturing. With headquarters in Japan and over 80 subsidiaries worldwide, Toshiba Tec Corporation helps organisations transform the way they create, record, share, manage and display information.

About Together Information

Together Information is Toshiba’s vision for how people and organisations create, record, share, manage and display ideas and data. It is based on our belief that the most successful organisations are those that communicate information in the most efficient way. We make that possible through an integrated portfolio of industry-specific solutions, all of which reflect Toshiba’s commitment to the future of the planet.
