

DIGITAL TRANSFORMATION

Successful businesses understand the power of digital transformation - harnessing the power of software systems to automate processes, increase productivity and unlock invaluable business insights.

Toshiba's Kōdo Business Suite drives digital transformation and has been developed specifically for Australian and New Zealand businesses. It is built using Toshiba's unrivalled expertise in OCR and workflow management, and ELO's world-beating Digital Office content management platform.

The Kōdo Business Suite takes its name from the Japanese word for 'Altitude'. With Toshiba's Kōdo, your business can reach new heights - and win the digital transformation race.

Kōdo® Business Suite

Contact Toshiba today to see how Kōdo Business Suite can help to transform your business.
